## VOCATIONAL SCHOOL OF DESIGN

### Introduction

Our Vocational School was established by the decision of the General Assembly of Higher Education dated 16.08.2018, and began admitting students in the 2020-2021 Academic Year. As of 2024, our program admitting students is the "Interior Design" program.

Enrolled students are considered to have fulfilled the program requirements and earn an associate degree by completing a total of 120 ECTS course credits over four semesters and carrying out their compulsory internship. Our Vocational School is one of the 5 Vocational Schools of Design in our country.

*"The urge for good design is the same as the urge to go on living."*

*Harry Bertoina*

## DEPARTMENTS OF THE VOCATIONAL SCHOOL OF DESIGN

✓ DEPARTMENT OF DESIGN  
Interior Design Associate Degree Program

✓ DEPARTMENT OF COMPUTER ENGINEERING

Interior Design is an associate degree program that trains individuals to design architectural interiors using an interdisciplinary approach, tailored to functionality and aimed at meeting user needs. The first year of the program begins with courses aimed at developing students' creativity, drawing skills, and 2D and 3D thinking abilities. In the second year, the objective is to impart professional knowledge and skills through courses in aesthetic sensitivity, technological knowledge, technical drawing, and presentation techniques.

Graduates of the Interior Design associate degree program can complete a 4-year bachelor's degree by applying for vertical transfer to the following undergraduate programs:

- Architecture
- Interior Architecture
- Interior Architecture and Environmental Design
- Conservation and Restoration of Cultural Heritage
- Traditional Turkish Arts

*"Excellence is doing ordinary things extraordinarily well."*

*Angelique Arnauld*

## EMPLOYMENT OPPORTUNITIES

Graduates of the Interior Design program can be employed as project personnel in the furniture design departments of factories, interior architecture offices, industrial design firms, and restoration companies; as drafting and design staff in architectural and engineering offices; and as managers or executive assistants in architectural model-making workshops and similar fields.

## ADMISSION REQUIREMENTS

The general admission requirements for Turkish and international students apply for starting the program.

## ACCESS TO FURTHER STUDIES

Students may apply to bachelor's degree programs related to their field or to the bachelor's degree completion programs of Distance Education Systems, provided that they obtain a sufficient score in the Vertical Transfer Examination (DGS) conducted by the Student Selection and Placement Center (ÖSYM).
